## **KBI investigates officer involved shootings in Topeka**

**TOPEKA, Kan.** – The Kansas Bureau of Investigation (KBI) is investigating after two officer involved shooting incidents occurred Thursday morning in Topeka.

On Oct. 11 at approximately 9:50 a.m., the Topeka Police Department requested the KBI conduct an officer involved shooting investigation. It was the second shooting incident that occurred on Thursday involving officers of the Topeka Police Department and a male subject. However, the subject is believed to have only suffered injuries during the second shooting incident.

Preliminary information indicates that at approximately 9:45 a.m. officers from the Topeka Police Department, and a KBI agent, were investigating the initial shooting scene at SW 32<sup>nd</sup> St. and SW MacVicar Ave. when a subject appeared matching the description of the suspect who had fired at officers at around 3 a.m. When officers attempted to question him, he ran away which prompted them to pursue him on foot nearby Jardine Elementary and Middle School property.

As officers chased the subject, gunfire was exchanged between the subject and three officers in a parking lot of the Briarwood Condominiums, located west of the intersection of SW MacVicar Ave. and SW Briarwood Plz. The subject was struck multiple times by gunfire. Officers secured the subject's gun. No law enforcement officers were injured during the shooting.

EMS responded and transported the subject to a local hospital where he underwent surgery. He is expected to recover. The subject has now been identified as 23-year-old Trevon L. Brown of Topeka.

The KBI will complete a thorough and independent investigation into this incident. Once completed, the findings will be turned over to the Shawnee County District Attorney for review.

The investigation is ongoing. No further information will be released at this time.
