Preface:

Evidence Prelog
To help expedite the evidence submission process, the Evidence Prelog system is a web based system solely for the law enforcement customers of the Kansas Bureau of Investigation Forensic Science Laboratories. The system enables law enforcement agencies to “prelog” evidence submission information prior to delivery to a KBI Forensic Science Laboratory. Once completed, the agency delivers the evidence and printed packing slip to an Evidence Control Center for processing.

Case Inquiry
The system also offers a Case Inquiry function, giving our customers access to specific information about the status of evidence submitted to the KBI Forensic Science Laboratories for analysis. Agencies can download copies of their Submission Receipts shortly after the evidence submittal. Copies of any completed Laboratory Reports are available for download through the Case Inquiry system shortly after the report is released by the laboratory. Both Submission Receipts and Laboratory Reports are available in PDF format for ease of printing or incorporation into your information management system.

For any questions or additional information contact the LIMS Administrator at (785) 296-1130.

LOGGING INTO PRELOG AND CASE INQUIRY

Users will need to access the KCJIS Portal one of two ways:

1. Through the following link: https://kcjis.ks.gov
   - Enter your:
     - KCJIS User ID
     - KCJIS Passcode (the passcode is your PIN + the number displayed on your token).

   - Once logged in, on the left hand menu find/select LIMS Casework Prelog.
2. Or the user can enter the KCJIS portal through the following link:
   https://lims.kcjis.state.ks.us/webprelog
   o Enter your:
     - **KCJIS User ID**
     - **KCJIS Passcode** (the passcode is your PIN + the number displayed on your token).
Once through KCJS, users can log into the KBI Laboratory Prelog and Report Inquiry System through the following screen:

- Upon creation of an account the user will receive an account setup email from the KBI with log-in instructions.
  - Enter your KCJS User ID in the User ID field
  - Enter your Prelog Password (This is different than your KCJS Passcode).
    - In the account setup email there will be a temporary password for new users.
    - Click Login.
    - If it is your first time logging in, you will need to change your password.
      The following screen will appear:
Click OK and the following screen will appear:

Enter your current password in the Current Password field.
Enter your new password in the New Password field.

- NOTE - See new password requirements below.
Enter your new password a second time in the Verify password field.
Select OK.

NEW PASSWORDS REQUIREMENTS:
- Must be at least twelve (12) characters long.
- Must have at least one upper case.
- Must have at least one lower case.
- Must have at least one number.
- Cannot repeat the previous 10 passwords.
- Special characters are allowed but are not required.

Every 90 days the KBI Laboratory Prelog and Case Inquiry System will require users to change their password.
CHANGING PASSWORD

- Log into KCJIS as normal
- At the KBI Preloq and Case Inquiry System screen:
  
  - Click the Reset Pwd button.

  ![LIMS Prelog](image)

  - The following screen will appear:

  ![LIMS Prelog](image)

  - Enter your current password in the Current Password field.
  - Enter your new password in the New Password field.
• **NOTE - See new password requirements below.**
  - Enter your new password a second time in the **Verify password** field.
  - Select **OK**.

**NEW PASSWORDS REQUIREMENTS:**
- Must be at least **twelve (12) characters** long.
- Must have at least one **upper case**.
- Must have at least one **lower case**.
- Must have at least one **number**.
- Cannot repeat the previous 10 passwords.
- **Special characters** are allowed but are not required.

Every 90 days the KBI Laboratory Prelog and Case Inquiry System will require users to change their password.
FORGOTTEN PASSWORD

If you forgotten you Prelog/Case Inquiry password, contact the LiMS Administrator at 785-296-1130 or LIMSAdmin@kbi.ks.gov to request a temporary password. Once you receive your temporary password, follow the instructions for Changing Password section.
PRELOG AND CASE INQUIRY DASHBOARD

The Prelog and Case Inquiry Dashboard will give you four main options:

**Evidence Prelog** (New Case / Find Case)
**Case Inquiry**
**Recent Reports (100 Days)**
**Recent Submissions (90 Days)**

**Evidence Prelog** button gives you the option to create a *New Case* for submission or *Find Case* to find an existing case to enter new information (case names, items of evidence, submissions to the lab, etc.) Both options will allow you to PreLog evidence submissions for analysis at a KBI Forensic Science Laboratory.

**Case Inquiry** button allows you to view KBI Laboratory Case Information such as evidence submitted and any available submission receipts and laboratory reports.

**Recent Reports** (100 Days) Displays the cases with approved laboratory reports from the last 100 days.

**Recent Submissions (90 Days)** Displays cases created in Prelog from the last 90 days.
USER DEFAULTS

User Defaults will allow you to update / change your agency’s County and default Lab Code when submitting evidence.

USER INFO

User Info displays the Department Code associated with your account.
PRELOGGING EVIDENCE

To Prelog evidence, hover over Evidence Prelog, then select New Case or Find Case.
NEW CASE

Select New Case.

- The Agency Name (F7) field is pre-populated
- Enter your agency’s case number in the Agency Case Number field
- Click Search and Create button
CASE INFORMATION

The Case Info tab screen will pre-populate the Department and Department Case fields. The following case information fields will need input from you:

- **Case Officer Pick (F7)** - select name from drop down list. Start typing in this field to view available officer names. You can also click to view available names. Once the name is selected, the following information will populate: Officer Name, Officer E-mail and Officer Phone fields *(if information is available in our database).*

  [Note: If the Officer Names are not available from the drop down list, please contact the LIMS Administrator to have them added.]

- **Offense Date**
  
  [Note: Because physical evidence custody receipts do not always have an offense date, the collection date may be used in place of an offense date.]

- **Offense Location** – Location of Offense – **Not a mandatory field**

- **Offense Type (F7)** – Select the most appropriate offense from the list. You can start typing the offense or click the F7 key or to search for the appropriate offense.

- **Offense County (F7)** – will default to agency county

- **Case comments** - optional field: place trial date information here.

- **Linked Case**, if applicable.

Once all the information is entered, click the **Save** button.
**Names**

1. Select the (2) **Names** tab.
2. Click the **Add** button at the bottom of the form.
3. Then enter the following information (these names will be reflected on the laboratory report):

   Note – Any field with (F7) or ▼ at the end is a dropdown field, where you can start typing or click F7 to search from the list.

   - **Name Type (F7)** - suspect, victim, elimination etc.
   - **Last name** - Enter ALL names in proper English – example Doe.
   - **First name**
   - **Middle name**
   - **Sex (F7)**
   - **Race (F7)**
   - **DOB - XX/XX/XXXX format**
   - **SSN - XXX-XX-XXXX**
   - **DL - Use state’s format for number – KXX-XX-XXXX. If from another state, add state initials then number – MO SXXSXXXXXX.**
   - **KDOC – If known**
   - **KBI-SID – if known**
4. When completed, click the **Save** button.

   Note - You will see the name you entered under the Name Information area.
5. If you have additional names to enter, select the **Add** button and enter the information.

6. Clicking the **Dupe** button allows you to make a copy of the name entry. Should you need to enter several people with similar names, this feature will copy the data. You can then change the information which differs.

7. To edit a saved person, click on the row at the top of the screen in which that person appears. The data entry fields at the bottom of the screen will display the information on the selected person. Click the **Edit** button. Make changes. Click the **Save** button.

8. To delete a person, click on that person’s row at the top of the screen and click the **Delete** button.

9. Once all the names are entered, proceed to the next tab (3) **Items** to enter the evidence for the case.
ITEMS

1. Select the (3) Items tab to enter your evidence.
2. To add evidence, select the Add button.

Note – Any field with (F7) or ✓ at the end, is a dropdown field where you can start typing or click F7 to search from the list.

3. Item # - enter your item number.
   a. The system will default to Item #: 1.
   b. If you have more than one item with the same number, an option would be to add an alphabetical character after your additional items, i.e. 1 then 1a and so on.
4. Packaging (F7) - From the drop down menu select the Packaging Type.

5. Quantity - Enter the quantity of the item(s) contained in the packaging.
6. Item Type – enter the item type that best describes your item of evidence (See APPENDIX 1 - common item types for the laboratory).
   [Note: The item type list is not necessarily in alphabetical order.]
7. Description - Add the description of your item.
8. When finished click the Save button to complete data entry for your item.
9. You can edit information on a saved item by clicking the Edit button.
10. The item can be removed by clicking the Delete button.
[Note: If you have one of the following item types: blood alcohol sample [BAC], blood drug sample [BLDDRG], toxicology blood sample [BLDX] and/or firearm [GUN] then Item Attributes are required before submission.]

11. Entering Attributes (only relevant for some item types):
   a. After saving an item, select the item under the Item Information area. Then click the Edit button at the bottom of the screen.
b. Place the cursor in the first field and click (F7) then select the appropriate box(s).

![Attributes](image)

Click Ok.

![Ok Cancel](image)
e. Then click **Save** at the bottom of the screen to complete the **Attributes** process.

12. If you have additional evidence, select the **Add** button and continue entering the evidence (*click the **Save** button after each item is entered*).

13. If you have additional items of the same type and packaging you can select the **Dupe** button and Prelog will select the next item number and automatically fill in the **Package** and **Type** fields.
LAB SUBMISSIONS

Note: If you are submitting evidence to multiple KBI forensic science laboratories (due to exams requested, you will create different submissions for each laboratory. See instructions on Additional Submissions to an Existing Case

1. When all the items of evidence are entered, select the (4) Lab Submission tab at the top of the screen.

2. Select the Add button at the bottom of the page.

3. Submission # - will pre-populate with the next submission (1 if first submission)

4. Submit To – if this field does not pre-populate, use the drop down menu to select the KBI Forensic Science Laboratory where you send your evidence.

   - Great Bend [G]
   - KBI FSC at WU [W] (Topeka Lab)
   - Kansas City [K]
   - Pittsburg [P]
Note: If you would like to have your default laboratory set to a specific laboratory, please contact the [LIMS Administrator] to enable this feature.

5. **Delivery Type** - From the drop down menu, select the method of delivery (if using a mail service insert the tracking number if known).

6. **Case Synopsis** – This field is optional [Biology’s DNA Submission Form and/or Digital Evidence Submission Forms are still required for biological or digital evidence exams.]
7. **Date Sent** – Use the calendar feature to select the appropriate date.

8. **Tracking #** - Enter the tracking number of the parcel, when mailing evidence to the KBI Laboratory.

9. **Requests** - To enter the exams for the evidence submitted, click the **Edit** button to the right of the item type. You must do this for each item of evidence submitted.

10. Click the Edit button, to the right of the new item(s) to enter exams, for any of the items associated with the additional submission.

11. For the selected item choose the exam type(s) with the Exam 1 - 4 drop down boxes
   - (See APPENDIX 2 for common exam types by the lab.)

12. Select the Save button.

13. Once all of the items and exams have been selected, click the Submit button to save the additional submission.
14. Click the OK button to submit the additional submission.

15. A pop-up window will remind you to print out the packing slip. See instructions on the Prelog Packing Slip.
16. Submit the packing slip with the evidence to the KBI Forensic Science Laboratory for examination.
**PRELOG CASE SEARCH**

1. From the Dashboard, from the Evidence Prelog menu select the **Find Case** button

2. Search for your previously entered Prelog Case.
   From this screen you can search by:
   - **Case Number**
     - By default this screen allows you to inquire on a Case Number under the **(1) Case Number** tab. Enter your agency case number in the **Department Case** field.
   - **Case Names**
     - To inquire on the name of a subject or victim, click on **(2) Case Names** tab.
   - **Items**
     - To inquire on an Item, click on **(3) Items** tab.

**Tips on Querying**

- A wildcard (the percent sign: %) can be used to broaden a query.
  - To query all case numbers beginning with the “15” prefix, enter 15% in the Department Case field.
  - To query all case numbers ending with “15”, enter %15 in the Department Case field.
- To run a query using only a partial amount of data for the case number, add a check to the **Partial** box to the right of the **Department Case** field, then input the partial data. This provides results with the partial data in the Case number.
The cases that match your query will appear in the **Select a Case** section.

3. Select the case you want to open by clicking on the case number. The case is brought up with all of the case information.

4. You can click the **Edit** button to make any changes needed before you submit the evidence for your first or subsequent submissions.  See instructions on Additional Submissions to an Existing Case

CASE INQUIRY

The Case Inquiry screen is used to:

- View Case Information
- Download Evidence Receipts
- Download Available Reports

Once logged into the KBI Prelog and Case Inquiry System, from the Dashboard, select the Case Inquiry button.

1. Enter the agency case number in the Department Case Number field and click the Search button at the bottom of the screen.
2. The case will show up below the **Search Results** header.

3. Double-click on the case to open the case.

The case details screen gives you an overview of the following information:

- Case Information
- Reports Available for Download
- Pending Assignments
- Submissions
- Case Names
- Case Items
- Names Associated with the Case
4. To download a KBI Evidence Receipt from an evidence submission, select the Receipt button under the Submissions section.
5. To view or download any available KBI Laboratory Reports for the case, select the **Print** button under the **Approved Reports** section.

6. Click the **Back to Case Search** button at the bottom of the screen to return to the main Case Inquiry search screen.
