

Request for Field Study Hours

Check one of the following:

Pre-Field study request \_\_\_\_\_ Post-Field study request \_\_\_\_\_

K.S.A. 65-1903 outlines school licensure requirements and states each licensed school "shall remain under the supervision of the Kansas Board of Cosmetology." It further states the "board may adopt through rules and regulations a curriculum" for cosmetology, nail technology, esthetics, electrology and instructors. K.S.A. 65-1905 and 65-1912 also reference instructional training attained in a licensed school. K.A.R. 69-3-8 draws it's authority from K.S.A. 65-1903 and fully outlines the required curriculum for the above listed courses of study.

The Board recognizes training may be enhanced by opportunities outside of the school environment. These opportunities may include but not be limited to demonstrations, trade show participation, participation in competitive activities (ex: Skills USA) and salon observations.

To allow students participation in an activity outside of the school environment which complies with the above noted laws and regulations, the school shall forward a request for hours to the Board. The granting of instructional hours for the field study must be approved by the Board.

Each activity must comply with K.A.R. 69-3-4 regarding the ratio of instructor supervision. Student and instructor attendance shall be confirmed as each student and instructor are required to sign in at the beginning of the activity and shall sign-out at anytime they leave the activity. Attendance shall be monitored at all times and credit may only be given for the time students were present as evidenced by the attendance roster. Instructional hours shall not be credited for time in transit to and from the activity.

The school director/manager is responsible for the filing the Request for Field Study Hours form. No instructional hours will be awarded for the Field Study unless approved by the Board of Cosmetology.

Name of School: \_\_\_\_\_ School License # \_\_\_\_\_ Phone: \_\_\_\_\_

Date(s) of activity: \_\_\_\_\_ Time of activity: \_\_\_\_\_

Place/location of the activity: \_\_\_\_\_
