**TO:** Management of Kansas chartered credit unions  
**SUBJECT:** Field of Membership Bylaw Amendments

Legislation addressing credit union field of membership and branching is now pending in the Kansas legislature. Until the outcome of this legislation is finalized, no action will be taken by the Administrator on applications submitted by credit unions who apply for field of membership bylaw changes. Credit unions may continue to apply for field of membership bylaw changes but the applications will be held with no action taken until the legislative activity is concluded.

Credit unions contemplating a change in field of membership may want to wait until the legislation addressing field of membership is final in order to consider whether the proposed field is consistent with legislative changes.
