

WMD Threat and Risk Assessment Local Jurisdiction MGT-310

**Wichita,
Kansas
July 29-31,
2008**

This course trains key response personnel within a local jurisdiction who are required to prevent, mitigate, manage, and/or resolve a weapon of mass destruction (CBRNE)/terrorism incident. Participant learning occurs in multidiscipline teams. Upon course completion, these teams will be able to conduct a capabilities-based comprehensive CBRNE/terrorism risk (threat and vulnerability), capabilities, and needs (planning, organization, equipment, training, and exercises) assessments.

The course consists of lectures, small group discussions, participant activities, multimedia scenarios, and the conducting of vulnerability assessments for facilities, sites, and infrastructure selected by the host jurisdiction. Participant activities focus on the DHS Office of Grants and Training (G&T) State Homeland Security Assessment and Strategy (SHSAS) Program's jurisdiction assessments, i.e., risk, capabilities, and needs.

Participant Audience

Awareness-level emergency personnel who will respond to a CBRNE/terrorism incident. Course participants include responders from the following disciplines/services: Law Enforcement; Fire Service; Emergency Medical Services; Hazardous Materials; Public Health; Health Care; Public Works; Emergency Management; Personnel required to conduct vulnerability assessments of jurisdiction-selected sites; and Private Sector and military (if invited by host jurisdiction)

Prerequisites

Participants should work in one of the preceding disciplines/services, possess a working knowledge of the jurisdiction's Emergency Operations Plan and complete a CBRNE/terrorism incident awareness course. TEEX, in cooperation with the Office of Grants and Training (G&T), distributes a WMD/Terrorism Awareness for Emergency Responders course via the internet at <http://www.teexwmdcampus.com>.
