

Be Ready, Kansas PSA

Our recent weather emergencies have made us all aware of the importance of emergency preparedness. I'm Adjutant General Tod Bunting, director of Kansas Emergency Management. I've been working with the Governor to make sure Kansans are prepared for any emergency we may face.

You should make a home emergency plan and practice.

You should make an emergency kit and make sure everyone knows where it is and how to use it.

Remember to be informed is part of being prepared.
