

## **Pandemic Flu Pre-Event PSA 4**

**Sec. Bremby:** Hello -- I'm Rod Bremby, Secretary of the Kansas Department of Health and Environment.

**Gen. Bunting:** And I'm Kansas Adjutant General Tod Bunting.

**Sec. Bremby:** We must prepare now for pandemic flu. A pandemic will likely have a huge societal impact. Reduce your chances of getting and spreading any flu virus by washing your hands, covering your cough, and staying home when sick.

**Gen. Bunting:** Before a pandemic occurs, have an emergency kit at home including bottled water, food and medication to last a few days. And have a family plan. For more information, go to [ksready.gov](http://ksready.gov).

**Announcer:** Paid for with taxes or public funds.
