

**PRE-APPROVED CONTINUING EDUCATION
FOR COSMETOLOGY PROFESSION INSTRUCTORS**
Class length (hours) is subject to change without notice from vendor

You can now renew online: <http://www.kansas.gov/kboc/Licenserenewaloptions.htm>

As a courtesy, when renewing online, please upload your continuing education documentation in one attachment. Thank you for your consideration.

Continuing education hours will automatically be granted for courses offered by approved providers listed in the Instructor CE Policy. If the course or training meets the continuing education requirements of [Board Guidance Document 001-15 Cosmetology Profession Instructor Continuing Education Policy](#). Courses meeting the requirements of the policy and offered by these providers do not require pre-approval from the Board.

The following teaching skills and methodology courses are approved by the Board.

Milady:

Milady Training for Instructors is approved for teaching skills and methodology continuing education credit. You can access the available courses through the following link.

<https://www.miladypro.com/store/products/browse/online-courses/training-for-instructors>

Pivot Point: Mindful Teaching

The Pivot Point Mindful Teaching instructor program is approved for continuing education credit. You can access the information about the program using the following link: <http://www.pivotpointshop.com/Education/Mindful-Teaching>. Completion of the course in a licensed school would fulfill an instructor's teaching skills and methodology and practice continuing education requirements for renewal.

The following infection control classes are approved by the Board:

#hours

[MiladyPro Infection Control: Online class](#)

4 hours

[Infection Control Seminar with State Inspector](#)

Vary

www.redcross.org

- Blood-borne Pathogens Training Online course 1
- Classroom setting 2

www.westernschools.com

- HIV/AIDS: A 1-hour overview 1
- HIV/AIDS: A 2-hour overview 2
- Infection Prevention for Healthcare Professionals 4
- MRSA: A Healthcare & Community Disease 1

www.nursingceu.com (Wild Iris)

- Infection Control 6
- Blood-borne Pathogens: Protecting against transmission: OSHA's BBP Standard 2

Please submit the certificate which generates at the end of the training after having taken a test in order to receive credit for the class. Five hours of infection control are required.

DO NOT DUPLICATE COURSE TYPES IN THE SAME RENEWAL PERIOD
